Subject: Progress Update on Group Project

Dear Team Leader,

I hope you are doing well. I am writing to share a brief report on how our group project is coming along. So far, we have completed the initial study phase and divided the work equally across the team. Everyone is currently busy preparing their assigned parts and collecting the required content.

We ran into some minor difficulties earlier when trying to coordinate our work and pool our resources together, which set us back a little bit. However, we have managed to resolve those issues, and our remaining tasks are moving forward on schedule.

We plan to complete all remaining sections and assemble everyone's draft in the coming days. After that, we will go through the combined document together to make any necessary edits prior to the final submission.

Please let me know if you need any further information or have any inputs on our timeline.

Regards,

SyanthanaPriya
